### Unrestricted Travel Grants

Sponsorship of unrestricted grants to support a number of young researchers to enable them attending NOBIS2024 to gain new knowledge and network.

Grant applications must be sent to the conference organiser not later than **1 March 2024** and will be reviewed by the Local Organising Committee.

Sponsors of travel grants will be mentioned and appreciated on the conference website and in the final programme book as supporter for travel grants.

Sponsorship of unrestricted travel grants begins from € 2,500 and up.

### Focus Group Meeting

Focus groups give companies a chance to ask experts and Key Opinion Leaders their opinion in a closed forum and are interesting for companies, who:

- Are about to launch a new product
- Are new to the European market and need feedback on their existing products
- Would like to establish contact to key opinion leaders
- Are interested in feedback on products or clinical studies

A focus group meeting at NOBIS2024 has the advantage that you do not need to fly in and accommodate a group of people, as all Key Opinion Leaders are present at the conference in advance. This makes the focus group a cost-effective tool to get feedback and promote your product towards Key Opinion Leaders.

Expect about 7-8 KOL's to attend the focus group meeting that will last up to 1,5 hours during the conference. The focus group meeting will be arranged in co-operation with the conference organiser in terms of invitations and selections of people. Room rental, standard AV-equipment, and catering are included the fee.

Focus Group Meeting cost 60,000 DKK (approx. 8,100 €)
